Portfolio: my-portfolio-2-0-theta.vercel.app

PROFESSIONAL SUMMARY

Computer Science undergraduate (CGPA 8.31) with hands-on experience across four industry internships in AI integration, full stack development, and REST API engineering. Ships production-ready software using Python, Django, React, and OpenAI APIs. Quick learner with a strong foundation in OOP, DSA, and database design. Certified by Harvard (CS50), IBM SkillsBuild, and Edunet Foundation.

EXPERIENCE

- Software Engineer Intern (AI & Full Stack)** | [NexSyrus Pvt Ltd](#) Jun 2026 – Dec 2026
 - ▶ Designing and deploying modern web applications and AI-powered solutions in a fast-paced product environment.
 - ▶ Building full-stack features across React frontends, Django backends, and RESTful API integrations.
 - ▶ Collaborating in an agile team on end-to-end software lifecycle: design, development, testing, and deployment.
 - ▶ Integrating OpenAI APIs to add intelligent, context-aware features into web platforms.
- AI Technical Engineer Intern** | [Essence Roots Creations LLP \(Shadow Arts\)](#) Mar 2026 – Sep 2026
 - ▶ Built AI-driven prototypes integrating third-party APIs to automate key business workflows.
 - ▶ Developed and tested backend modules, improving system reliability and reducing manual processes.
 - ▶ Maintained clear technical documentation to support team collaboration and future development.
- Technical Intern** | [Kalaakshi \(kalaakshi.com\)](#) May – Jul 2026
 - ▶ Contributed to building and deploying a live event management platform under real production deadlines.
 - ▶ Handled backend implementation, database schema design, and deployment pipeline optimisation.
- AI Developer (Official Project)** | [Vaagdevi College of Engineering](#) May 2026
 - ▶ Developed an institutional AI chatbot using Django and OpenAI APIs, reducing manual query handling significantly.
 - ▶ Designed and implemented REST API endpoints for automated response workflows on the college portal.

KEY PROJECTS

- ALPHA AI Assistant** | [Python · OpenAI API](#) github.com/Aravind-Reddy-S/ALPHA-AI-Assistant
 - ▶ Intelligent conversational assistant with multi-turn dialogue, automation workflows, and LLM-powered task execution.
 - ▶ Modular architecture supports plug-in integrations for external APIs, tools, and dynamic data sources.
- College Chatbot v2.0** | [Python · Django · AI](#) github.com/Aravind-Reddy-S/college_chatbot2.0
 - ▶ Upgraded AI assistant with improved NLP handling, faster response pipeline, and enhanced session context retention.
 - ▶ Reduced average query resolution time and improved answer accuracy over the v1.0 baseline.
- Vitanguard AI** | [Java · REST APIs · MySQL](#) github.com/Aravind-Reddy-S/vita-guard-ai
 - ▶ AI-powered healthcare support platform with intelligent patient monitoring and real-time alert mechanisms.
 - ▶ Secure REST API layer handles data exchange between frontend clients and a normalised MySQL backend.
- Captain Bro** | [React · AI · Backend](#) github.com/Aravind-Reddy-S/captain-bro
 - ▶ React-based intelligent productivity app handling complex user workflows through AI automation.
 - ▶ Integrated backend services and AI capabilities to deliver a seamless, responsive cross-platform experience.

TECHNICAL SKILLS

Languages	Java · Python · JavaScript · SQL
Frameworks	Django · React · REST APIs · OpenAI API · API Integration
Database	MySQL
Tools	Git · GitHub · VS Code · OOP · DSA · DBMS · Collections Framework

EDUCATION & CERTIFICATIONS

- B.Tech in Computer Science & Engineering** — [Vaagdevi College of Engineering](#) 2023 – 2027 | CGPA: 8.31
 - ▶ CS50: Introduction to Computer Science — Harvard University (In Progress)
 - ▶ Full Stack Web Development with AI Tools — Edunet Foundation & TASK (2025–2026)
 - ▶ IBM AI Agent Architect — IBM SkillsBuild
